SOUTHERN CADETS WIN HIGH HONORS

'A Richmond Youth Second in Class-Northern Cadets Form Background.

Southern cadets at the United States Military Academy at West Point have carried off a larger share of the honors of the graduating class this year than for many years past. Cadet William D. A. Anderson, who graduated second in the class, is a son of Attorney-General William A. Anderson, of this city. The man who graduated with first honors is also a southerner. The class president is Joseph A. Atkins, of Georgia, and the first captain is Henry A. Robert, of Mississippl. Here is the list of the first ten graduates in the order of standing with the State from which they were appointed: 1. Charles R. Pettis, Mississippl; 2. William D. A. Anderson, Virginia; 3. Ralph Z. Ward. Colorade; 4. John J. Kingman, Tennessee; 5. Robert P. Howell, North Carolina; 6. Henry H. Robert, Mississippl; 7. Thomas M. Robins, Maryland; 8. Roger D. Black, army; 9. L. J. McNair, Minnesota; 10. Theodore H. Dillon, Indiana.

Get Free Trips to St. Louis.

Mr. Thomas J. Anderson, a well known Virginian, who has taken high rank in railroad circles, and is now general passenger agent of the Southern Pacific Railway, is one of the most resourceful and successful advertisers in the business. At a recent banquet at the Carrollton Hotel Laporte, Texas, the menu cards were hand-painted tarpon scales.

Taking the cue from that menu idea, Mr. Anderson and other railway men have devised a unique scheme, by means of which persons catching the lucky fish, which has been caught before and marked, will get free trips to the World's Fair, and incidentally will greatly boom the tarpon fishing industry.

SHOOTING AFFRAY.

As Result of Quarrel John Hannon Wounds Silas Thompson.

non Wounds Silas Thompson.

A negro named John Hannon is under arrest at the Second Station on the charge of shooting another negro named Silas Thompson. The two men were working in the sewer in Penitentiary Bottom. Hannon claimed that they had a quarret the previous day, and that Thompson followed it up by running at him with a pick, when he shot in self-protection. He was arrested by Policeman Barker. The wounded negro was taken to the City Hospital, and the wound was examined by Drs. Trevillian and Leonard. The bullet passed through the side of the stomach and lodged in the muscles of the back, near the spinal column. The wound is serious, but not necessarily fatal.

OF HUMAN INTEREST; STORIES OF TO-DAY

Japanese Easter.

Japanese Easter.

The Illy, the pink and the rose are not the Easter flowers among the Japanese Christians. There the cherry trees are in full bloom at this season, and the beautiful blossoms form the tokens of Easter rejoicing. There is much feasting, and the processions are many. As for Russia, dolls and eggs are given to the children. Easter eggs, of course, are an old story to us, in all their varieties of coloring and decoration, but the giving of dolls at this time would be usurping good St. Nick's prerogative.

Boats in Your Trunk.

A boat large enough to carry six persons may be carried in a vallee or in a trunk. This is because the principle of the pneumatic the has been applied with such success to boat building. These boats are of two kinds-either of rubber cloth, inflated with air and divided into two compartments, or a series of inflated tubes coiled lengthwise. These are fitted with pneumatic seats, and the oarlocks are buckled on the sides. When deflated hey are reduced to the smallest conceivable weight and compass, and the process occupies only a few moments.

Government Owns Water.

In India the water supply is almost entirely controlled by the government. There are some private enterprises, but most of them are for the purpose of reaching land owned by the projectors. A few companies sell water to the adjacent farmers on the same plan as that prevailing in California, Colorado and other of our States. But the government or India has demonstrated the wisdom of national ownership and control, and derives a large and regular, revenue therefrom.

Talks Always and Every Way. Dr. E. J. Dillon, a correspondent of the London Telegraph, is said to know more languages than any living journalist. He has written several books in Russian, is a doctor of oriental languages, and possesses a thorough knowledge of Sanakrit, Arabic and Hebrew. He speaks fluently English, Russian, French, German, Duten, Spanish and Italian, and during the Creata war made a speech to the insurgents frem a ladder in modern Greak. THE RATE
